

Devil Out My Way

Trae

The devil want me but there's nothing he can do
I'm on my way
He ain't strong enough

Devil get out my way
Bunch of money I got
Bunch of money I can't play
Devil get out my way
Gotta stay out my
Gotta stay out my
Don't know why you tryin'
I never fuck wit you
I got to live my days
No I don't fuck wit you
Everyday I pray
I been havin' my way
You ain't gone fuck wit me today
I been havin' my way
I gotta watch and win

I pick a foreign open up and enter
He lookin' for beef I treat'em like a dinner
Thinkin' it's over don't know what he think
Might pull up presidential never know
I got the money on me so you know
No point of you tryin' to stop and let it go
Everyone hatin' I've been here before
They in they feelings fuck'em I ignore'em
Way this shit workin' out I got'em sore
They can't afford what I got in store
They know that I know they been in they feelings
All that shit I'm killing
I know they need healing
If so it's okay I ain't here to play
I hear what they say
Just get out my way

Devil get out my way
Bunch of money I got
Bunch of money I can't play
Devil get out my way
Gotta stay out my
Gotta stay out my
Don't know why you tryin'
I never fuck wit you
I got to live my days
No I don't fuck wit you
Everyday I pray
I been havin' my way

I go 'em watchin' I light it up
Go to work like a engine I pipe it up
Got me ducking these scammers they swiping up
I been watching my circle we tighten up
Bunch of niggas been fake what you hyping up
They get caught they switch up go to typing up
Gotta duck 'em they messy ain't no wiping up

In they feelings these niggas emotional
I'm bout my bidness ain't nothing promotional
I get money ain't nothin' negotiable
Bunch of diamonds ain't nothing bout 'em sociable
Then no business ain't nothing approachable
I'm like nothing they've ever controlled
Feel like my feelings been cold
Fuck what they told
Bitch I'm Tha Truth and I'm on

They know that I know they been in their feelings
All that shit I'm killing
I know they need healing
If so it's okay I ain't here to play
I hear what they say
Just get out my way

Devil get out my way
Bunch of money I got
Bunch of money I can't play
Devil get out my way
Gotta stay out my
Gotta stay out my
Don't know why you tryin'
I never fuck wit you
I got to live my days
No I don't fuck wit you
Everyday I pray
I been havin' my way
Free to go and I have my way

The devil want me but there's nothing he can do
