

I Could Use Somebody

Trae

I've been roaming around, I was looking down at all I see
Painted faces fill places I can't reach
You know that I could use somebody...
You know that I could use somebody...

My vision out of focus, timing was never perfect
I prayed to lost it all, somehow I felt it was worth it
All I got left is faith and I don't believe it ain't easy
But I got to do my biz cause I know my family gon need me
Heavenly father can we walk it no matter the distance
I deal with pain more than a medic I need some assistance
And it might not be for myself it might be for my brother
I actually stand in with clip, lord he just lost his mother
If he need a shoulder, I'll be there If he ever need help, I got his back
And when it get heavy I got the weight go let it out homie relax
We only get what we can take and if we take it that's what we get
That's why we both stand up to pressure deal with it and never quit
I took to see upon myself, dedicated to Sheryl Rhymes
Just know we prays you like a queen every minute you not around
We ain't even made it a day, that's why I know the road is long
And just for you is why I wrote this song

Someone like you and all you know and how you speak
Countless lovers undercover of the streets
You know that I could use somebody...
You know that I could use somebody...

I'm in this corner breaking down; I'm going to it now
I used to hide from pain, it's like I'm running to it now
I'm a soldier but I'm sick of fighting through Satan and rain
Tryin to get a ride, everyone I love keep callin my name (Trae)
I'm not the same, but at the same time I'm losing my mind
This piece of me that's lost only Jesus can help me find
My nigga Dawg called me the day and say he ain't gon make it
I pray your spirit hang on a lil longer, never to let the devil break it
Right about now I could use somebody to give me a hand
Or give me hope that my men up above
Or give me a plan, to keep my head up of this water while the rest of me sin
king
Every minute I lose is gone, that's why I'm blowing I'm thinking
I didn't mind right where I start to keep from smoking and drinking
That's why I keep my eyes all open, I can't focus with blinking
And I do that I understand that somebody out here doin worst
I pray to devil catch a flat in this hurts

I've been roaming around, I was looking down at all I see
Painted faces, fill places I can't reach
You know that I could use somebody...
You know that I could use somebody...

(I could use somebody) I understand that now
(You know that I could use somebody) You know they can say you gone
But you never forgotten (You know that I could use somebody)
I'm a dedicate this here to miss Sharly Rhymes
Mark Joseph (You know that I could use somebody)
Young Pirex, And all the homies we've lost
I've been walkin around tryin to look in my life and I can't see

All I know is that pain got me feeling ashamed and I can't breathe
I hope they know this, I said I really hope they know thi-is

I've been roaming around, I was looking down at all I see
Painted faces, fill places I can't reach
You know that I could use somebody...
You know that I could use somebody...
I've been roaming around, I was looking down at all I see
