

# I Got Me

Trae

Life done changed, don't know who got me  
I know I got me  
You ain't gon' stop me  
Life done changed, please don't try me  
They play so grimy  
Just stay from 'round me  
Life done changed, don't know who got me  
I know I got me  
You ain't gon' stop me  
Life done changed, please don't try me  
They play so grimy  
Just stay from 'round me

After this money, I been on a chase  
Run up a check, put it back in the safe  
Lookin' and duckin', it stay on my waist  
I know these niggas keep switchin' they place  
Say what you want, better not say to my face  
Every day in these streets, shit, I know what I face  
Fuck with the kid, he gon' catch him a case  
I'ma run him a fade if he run in my space  
Thinking 'bout bro every day he was missing  
Talk to him daily, I wish he would listen  
Run that shit back, what the fuck I was wishing?  
They one up me now, I'ma stay on a mission  
Hard to have that light when it's dark as a cellar  
Every day like it was permanent, fella  
Mama lookin' like it gotta get better  
Keep it solid, I don't know what to tell her

Life done changed, don't know who got me  
I know I got me  
You ain't gon' stop me  
Life done changed, please don't try me  
They play so grimy  
Just stay from 'round me  
Life done changed, don't know who got me  
I know I got me  
You ain't gon' stop me  
Life done changed, please don't try me  
They play so grimy  
Just stay from 'round me

Know they better feel me  
'Fore they fuckin' up on me, they gotta kill me  
Yeah, Truth stick with it, can you hear me?  
They can switch how they want, but I'm still me  
On God, they know they ain't right  
Everybody want clout, yeah, the same hype  
Young nigga still gunnin' with the same pipe  
Still ridin' through the hood in the late night  
Somewhere lookin' in the sky when I reminisce  
I ain't worried 'bout smoke, shit, I been in this  
I ain't worried 'bout rap, shit, I'm living this  
Keep it solid like rocks, no bendin' this  
When it come to these streets, you could say I got it  
Situation ain't real, I'ma stay up out it

I'm as real as they come, don't you ever doubt it  
For my niggas I love, I'ma get 'em out it  
On my life
