

I'm In

Trae

I know I'm
I know I'm him
They gon' try
They ain't gon' win
I can't lie
This gon' be my revenge
Even if I lose
Lord knows I'm in

Know they in they feelings, I'm him
Told the devil we gon' run it again
It's still fuck him, though

Every time I step outside of my house, I feel like I was goin' to war
I'm on the way, I can't fuck up the car
They in they feelings, they feel I'm a star
They in they feelings, they think I'm a star
I just be mindin' my business
I was chosen, got 'em all in they feelings
Chandelier, I'm jumpin' all out the ceilin'
On the mission, they know nothin' is stoppin'
Buggy with me, tell him, I get it poppin'
Pull up on him, let the roof get to droppin'
Whip after whip, it was shockin'
I'm gettin' paid on a bad day
I'm doin' me in a bad way
Hustle for real, you won't pass Trae
They know I'm hot like an ashtray

I know I'm
I know I'm him
They gon' try
They ain't gon' win
I can't lie
This gon' be my revenge
Even if I lose
Lord knows I'm in
Lord knows I'm in
Know they in they feelings, I'm him
Told the devil we gon' run it again
It's still fuck him, though

Who next up to bat?

All of my diamonds, they get you distracted
Play with tha Truth and that you get attacked

I spent a thousand dollars on my sneakers
I'm in the gameplay and I'ma sweep you
I'm an authentic version, you is cheaper
How they be talkin' like they got a problem with Trae?
They lookin' for it, I got 'em today
I'm on the way, I ain't stoppin' today
Let you make it ain't the option today
Yeah, yeah, yeah
It's funny how these niggas bigger than the program, goddamn

I know you did it all for the 'Gram

They gon' try

They ain't gon' win

I can't lie

This gon' be my revenge

Even if I lose

Lord knows I'm in
