

# It's Time

Trae

Yeah

They tell me to be patient, I tell 'em them days is over with  
You ain't feeling how I was feeling  
Then why the hell you talking up in my face?  
You better know the kid  
Everyone judging me like a killer  
I was of my mission  
I did it out of love and love is what they missin'  
I told 'em play it solid, but now I see they ain't listen  
It's funny how them niggas the same niggas who dissin'  
They better play it safe, I played it gangsta when it was tension  
Holding on this toolie like somebody need them a fixin'  
I don't trust shit, everywhere I look niggas switchin'  
The fuck I kept it real when that part of it they was ditchin'  
Shout out to my old bitch, I wish you the worst  
Any feeling I thought I had I put that shit in a hearse  
I'mma do this for every day that you was laughing at verse  
Who laughing now? Underestimated, my worth, I'm good  
Keeping it G with it, I get to you like I'm a feeling  
Balling like Jordan and Pippen way back in '97  
Reminiscing about all my niggas who made it to heaven  
And all the ones I know didn't who needed the reverend  
It's still love, God bless their soul  
Every time I think about it that shit there cold  
with the pressure, still I will not fold  
Nigga, I've been a king, now my crown covered in gold, for real

Yeah, I know they hoping it was over for me

Yeah, check it, I know they hoping it was over for me

The industry of my city labeled me as an outcast  
No Big or 3K, just me in this black mask  
Nothing easy, I'm fainting like how long will this shit last?  
Knowing they all together heaven toast with a shot glass  
Fuck 'em though, I hope them niggas choke on a shoe  
Headed to the top, I know they hoping this coupe crash  
I know they only live to count me out like loose cash  
I'm rolling with my feelings tucked away like a  
Plus my attitude nothing here worth talking about  
Nothing personal, just don't give a fuck what you talking about  
Talking so tunnel vision, every day I was walking out  
I'm sick of the pain, where the fuck he at? Let me call him out  
I ain't looking for help 'cause ain't nobody gon' do shit  
But watch a nigga sink it to ya they never knew shit  
They play it like a snake infiltrating your cruise ship  
Jealousy a disease and it spread like the flu, shit  
I ain't dying, niggas' code ain't nothing like mine  
Nowadays niggas get with you so they can talk down  
Telling me it's love, but they hoping I get choked down  
Everybody's wave's fucked up, I'm glad I caught mine  
Got me feeling this my time, man, I'mma take it  
Worth somewhere in the coma, I gotta wake it  
Guess this shit part of my life, I can't escape it  
I been aim high, it's time to elevate it, nigga

Yeah, I know they hoping it was over for me

Yeah, I know they hoping it was over for me
