

Round We Go

Trae

Mr. Rogers
Around we go
Around we go
I can't get high
Around and 'round we go
Around we go

Where the real go? Niggas shaky like they play with base
Tryna keep it clean, knowin' life just ain't the thing to waste
Eat and say my grace, Patek makeover, I changed the face
Hate, I embrace, I'ma bad boy, Ma\$e
Tryna pull up in that Tesla Cybertruck just like Kanye
On a different note, came from boys to men, just like Wanya
Where I'm from, treat it like NASCAR, go get 'em tuned
Anything they got go against me, I'm gon' get 'em doomed
I ain't goin' out, when I do, it be the real dub
I'm like Mary J., lookin' for that real love
RIP to Pac, everybody bound to get it
I'm different with this work, niggas 'round here bound to quit it
Tryna see where all that love went, niggas be suckas
Really hate to say them niggas bustas, you wanna send a blitz? Go to Russia
Mr. Rogers, won't you run this back?
Crazy how them niggas kill they legacy, no comin' back, they different

Around and 'round we go
Around we go, around and 'round we go (I can't get high)
Around and 'round we go (Around and 'round we go)
Around we go, around and 'round we go (Around we go)

I was tryna turn the page, close another chapter
When you speak of Houston streets, I'm the plug, no adapter
I told 'em it's my season, I know niggas tryna send they best
I can see what's in they chest, half these niggas broke and stressed
Crazy how these niggas charge you up, no receipts
Devil keep on comin' back like he on repeat
I been thuggin', ain't no retreat
Jeweler got knee-deep, they know I be fire, might just reheat
'Round and 'round I go like Mary, no Halloween, niggas scary
Yeah, it's up, better put it in reverse, Terry
I been tryna work on patience, they gon' max it out
Every day represent for how we gon' track it out
I been in my bag, they cappin' somewhere, actin' out
I put the slab in they face, who gon' back it out?
No, we ain't duckin' nothin', sucka, let me talk to 'em
Mad my hustle killin' shit, bring that chalk to 'em

Around and 'round we go
Around we go, around and 'round we go (I can't get high)
Around and 'round we go (Around and 'round we go)
Around we go, around and 'round we go

Around we go, around and 'round we go
Around we go, around and 'round we go
Around we go, around and 'round we go
Around we go, around and 'round we go
Around we go
