

Takers

Yeah

Quentin talk to 'em

Yeah, turn up like they can't do, go up like they can't do

Yeah, one three one seven and Trae tha Truth

My whip is the latest, but they want my latest

We on Cali straighter, let's wave-o, let's wave-o, let's wave-o

Oooh

Nobody did us no favors

You fuckin' with takers, you fuckin' with takers

We see what we want and we take it

You talkin' to a taker

Walked in to your function, it's bottles at the table

I might stand on the table, if I break it I can pay for it

I buy my daughter Jordans, just to go to daycare

We really beat the pavement, we don't ask we take shit

I'm straight outta Houston the whip I got ridin' screw

Back of it bangin' like something it's red or blue

Don't talk to me nigga, if I do not talk to you

My bitch got a bitch so I might just get head or two

Band after band I can show you just what to do

Symptoms or the flu if Truth in the mix to you

Yeah bitch I'm clean if I'm you I'll be hating too

I don't get service, no calling

I'm back to back like Miami, I'm balling

I rep Texas in a foreign, so often

Tell 'em hoes no, cause my ceiling keep falling

Me in IG, hit the club it's on me

Fuck a section buy the whole V.I.P

Fuck your money, it ain't nothing to me

Truth getting outta traffic like my name goalie

Goal and shooting at your bitch, I never aim wrong

When I'm legal, I collect them like a payphone

And when I finish hit the uber, only way home

Ain't no point of calling me your time has expired

Nigga I'm a pimp get a bunny tell her she high

She ain't getting rack after rack tell her she fine

Baby I'm the streets, every corner how I required

Nobody did us no favors

You fuckin' with takers, you fuckin' with takers

We see what we want and we take it

You talkin' to a taker

I might just ride the chopper

Or I'm a sing to ya like the opera

All white, Cindy Lauper

Jumpman on my hopper

Bowlegged as if I clock ya

Somebody better stop ya

Fuck niggas I'm a watcha

Hundred bands in the locker

Nobody did us no favors
You fuckin' with takers, you fuckin' with takers
We see what we want and we take it
You talkin' to a taker

Did us no favors nigga
You fuckin' with takers
We take it, we take it, we take it, we take it, we take it
Yeah
