

What U Sayin

Trae

I'm just in a good vibe right now
You know, let me talk my shit
Ain't too many like me

Flooded out my neck, yeah, my chain somewhere hangin' down
They not havin' motion, let us pray (Let us pray)
I just watch 'em play, in the way, shit, I'm still around
On the same shit, different day (Different day)
They be in they feelings hopin' somebody gon' take me down
That's gon' be a price they gotta pay (Gotta pay)
Tell 'em not today, I stand on business, I'ma sit 'em down
Gotta know I'm watchin' what you say (What you say)

All-black Cartier shades, I can see the blitz
Do it for my dogs, got me barkin' like I'm DMX
Better know I'm with it, I'ma ride like a BMX
Hard to entertain, a nigga broke, I'm tryna see the checks
Used to ride the Greyhound, now I'm tryna see the jets
Million-dollar meetings over steak, I can't see the rest
Just like Khaled, we the best, I don't need no vest or no rest
Devil tryna test, fuck him, leave him stressed
Still movin' slow, slab lookin' like a gray tape
Hometown hero, save the day in the same cape
Everything I do, I rep for Texas, nigga, same state
Better know with me, it's legendary, dope same, great
Ridin' top down on 'em, feel like I was NRG
Somethin' out of France sittin' shotty in the c'est la vie
Know I represented for my boy like I'm JID
Feel like I'm the greatest one to do it, call me Trae Ali

Flooded out my neck, yeah, my chain somewhere hangin' down
They not havin' motion, let us pray (Let us pray)
I just watch 'em play, in the way, shit, I'm still around
On the same shit, different day (Different day)
They be in they feelings hopin' somebody gon' take me down
That's gon' be a price they gotta pay (Gotta pay)
Tell 'em not today, I stand on business, I'ma sit 'em down
Gotta know I'm watchin' what you say (What you say)

Feelin' like LeBron, I'm a king, know I stay in gold
I feel like I'm chosen, I'm the greatest story never told
Excellent with pressure, nigga, every day was fourth and goal
Panda told me go'n and flex, all that shit done got me swole
Pull up in the Ghost full of styles, yeah, The Lox
It ain't hard to see I got the juice, Gill and Pac
Everything around me be on go, ain't no tellin' stop
Every day, I let that money blow like it stay in stock
Bet you they gon' stay and shop, everything electrifying
Way I stunt was death-defying, now them niggas testifying
Feelin' like I'm Santana, everything was diplomatic
In they act, went dramatic, they just know that shit was tragic
I been dealin' with this pain like I'm Rod Wave
Do me dirty, I get even on my off-days
Southwest, we ain't talkin' catchin' flights
I bet niggas obey it like a Sprite, that was some night

Flooded out my neck, yeah, my chain somewhere hangin' down

They not havin' motion, let us pray (Let us pray)
I just watch 'em play, in the way, shit, I'm still around
On the same shit, different day (Different day)
They be in they feelings hopin' somebody gon' take me down
