

# Doomsday

Tragic Black

Speeding through seconds, our lives are soaring  
Past our eyes, look in the faces and see the places  
Now my, my whole world, well its crashing, down

I'm Doomsday, so Doomsday. I'm Doomsday about it all  
I'm Doomsday, so Doomsday. Well I'm Doomsday  
My whole world is crashing down

I talk to the Earth. I listen to her  
I've heard her speak a time or two  
And she said "I'm going to kill you, to save you"  
To save you. I'm going to kill you, to save you

Cause I'm Doomsday, so Doomsday.  
Well, I'm Doomsday about it all  
I'm Doomsday, so Doomsday, yeah!  
Well I'm Doomsday, my whole world is crashing down

You might see a star up in the sky  
You might see a sign  
But for me this world is crashing down tonight  
This world is crashing down  
This candle's going out. This world is crashing down, down.  
Down! Down! Down! Down!

Cause I'm Doomsday, so Doomsday. Well, I'm Doomsday, about it a  
ll  
I'm Doomsday, so Doomsday, yeah. Well I'm Doomsday. My whole wo  
rld is crashing down  
Doomsday. Doomsday. Doomsday. Doomsday, yeah  
Don't look up, and I'm coming tonight  
Don't look up, and I'm coming tonight  
Don't look up, I'm coming tonight  
Well I'm coming!
