

Winds of Disdain

Trail of Tears

Tonight it pours
The pale black needle poised to scar
I surrender to the shadows cold
Just another slip and I'll be gone

Woven so tight winds of disdain
Turned into echoes while doors are slamming shut
Breaking the bridge
Foul tongued beast
A cruel mind acting on resentment

Tonight it strikes
At the core and the centre of a helpless heart
We brave a smile as the end unfolds
Let me rest now forevermore

Woven so tight winds of disdain
Turned into echoes while doors are slamming shut
Breaking the bridge
Foul tongued beast
A cruel mind acting on resentment

Winds of disdain (Disdain)
Winds of disdain (Disdain)

Woven so tight winds of disdain
Turned into echoes while doors are slamming shut
Breaking the bridge
Foul tongued beast
A cruel mind acting on resentment
My terror grows
The sun sinks low
Bright red sky
Stained with the blood of this monster

(I wait until morning
Before my eyes close
In my dreams I drown
In my dreams I die
Screams wake me
But this is just a nightmare)
