

AM Gold

Train

If he don't love you no more
She don't love you no more
They don't love you
Then you love yourself and turn around
If he don't love you no more
She don't love you no more
They don't love you
Then you love yourself and turn around

Breathe, baby, you ain't gotta worry no more
Just breathe, we'll be waiting on the dance floor
And let your body, let it go
You're best case scenario
Love don't come in stereo
Baby, you are AM gold
AM gold

You're a hit, ya know
'Cause you're legit, ya know (Hey)
You don't need them no more
You got me keeping score
You're ahead by a billion, ooh-ooh
Get yourself on the floor
Ain't that what friends are for?
Where we're going there ain't no ceiling

Breathe, baby, you ain't gotta worry no more
Just breathe, we'll be waiting on the dance floor
And let your body, let it go
You're best case scenario
Love don't come in stereo
Baby, you are AM gold
AM gold
AM gold
