

# I Know

## Train

Baby, you're the only one to make me feel  
I know I know I know what I want for real  
I've been in love before, but this is new  
I know I know I know everything I'll do  
To stay with you

Trying to understand  
What you mean, what you feel  
Damn, this is hard for me  
Said that you had enough  
I don't know how to show  
Feelings like that you know

When we're far apart  
When the sun is dark  
Just tell me what you want, tell what you want  
Cause we can work it out

Baby, you're the only one to make me feel  
I know I know I know what I want for real  
I've been in love before, but this is new  
I know I know I know everything I'll do  
To stay with you

You  
I want to stay with you babe  
You  
I want you

If you wanna go again  
I'll be here, where we left  
Catch up on all your dreams  
Better with you and I  
Take your time, I don't mind  
You are one of a kind

When we're far apart  
When the sun is dark  
Just tell me what you want, tell what you want  
Cause we can work it out

Baby, you're the only one to make me feel  
I know I know I know what I want for real  
I've been in love before, but this is new  
I know I know I know everything I'll do  
To stay with you

You  
To stay with you  
You  
I want to stay with you, babe

First you hate me, then love me  
Say I'm wrong when I'm right  
But baby, you're the only one that I would lay with at night

At our darkest hour, you'll still be the light of my life

When you show your attitude, it's how I know you're my type

My señorita  
You know I need ya  
Come over here and lemme treat ya  
To finer things  
We'll fly to Paris, meet Virginia  
You wear my chain  
With nothing else up underneath it  
I'll make you sing

Baby, you're the only one to make me feel  
I know I know I know what I want for real  
I've been in love before, but this is new  
I know I know I know everything I'll do  
To stay with you

You  
Yeah, I wanna stay with you  
I want to stay with you, baby
