

Mai Tais

Train

I'll be sippin' Mai Tais
Looking back at my life
Remembering the highlights
Thinking how the time flies
I'll be watching sunsets
And I won't have one regret
It's hard to see it at the moment
But in the end I know that
I'll be sippin'

Mai Tais sippin' in the middle of the afternoon
Daydream drinking, baby, here's to you
Looks like we made it and we ain't even through
It ain't even 2 and nothing compares to you

Making memories and some we might recall
Coming from the heart, not the alcohol
Swaying on a hammock and if we fall
We fall

I'll be sippin' Mai Tais
Looking back at my life
Remembering the highlights
Thinking how the time flies
I'll be sippin' red wine
Looking back on my life
Remembering the stage fright
The butterflies at night
I'll be sippin'

Lala lala lala lala
Lala lala lala lala
I'll be sippin'
Lala lala lala lala
Lala lala
I'll be sippin'

Boat drinks, most think umbrellas are to keep you dry
Truth is they were made for a Mai Tai
Keep the sun out the glass, cherry close to the rim
Man the time goes fast when you're sippin'

Baby, you and me, add a palm tree
And when you love your neighbor baby then the sugar's free
When you love your neighbor that's the way it's suppose to be
I'm just glad you're only neighbors me

I'll be sippin' Mai Tais
Looking back at my life
Remembering the highlights
Thinking how the time flies
I'll be sippin' red wine
Looking back on my life
Remembering the stage fright
The butterflies at night
I'll be sippin'

Lala lala lala lala
Lala lala lala lala
Lala lala lala lala
Lala lala

Oh do you remember
What we did last night
Oh yeah that's right
Trader Vic's in the 510
Talking when we live the high life

Ride around the ocean in a big ass boat
And when it comes to breakfast baby I'm the GOAT
I'll start em over easy then we'll do a George and Weezy
And we'll get right back to making more Good Times

Mai Tais
Looking back at my life
Remembering the highlights
Thinking how the time flies
I'll be sippin' red wine
Looking back on my life
Remembering the stage fright
The butterflies that night
I'll be watching sunsets
And I won't have one regret
Cause I love you every moment
And in the end I know that
I'll be sippin'

Lala lala lala lala
Red wine
Lala lala lala lala
Oh oh
Lala lala lala lala
Yea
Lala la
I'll be sippin'
