

ANGER ISSUES

TRAMP STAMPS

(One, two, three, four!)

Anger issues
I got anger issues
I don't know what to do
With all my anger issues, yeah

Anger issues
On top of other issues
If I'm yelling at you
It's my anger issues

I think I came out the womb
Fucking hating the world
I got a bad attitude
I'm just that kind of girl

I like to snort Adderall
Then punch a hole in the wall
And if I hear you talk shit
I'll kick you right in the dick

It's not that time of month
It's a permanent funk
I get really pissed off
When someone asks about my-

Anger issues
I got anger issues
I don't know what to do
With all my anger issues, yeah

Anger issues
On top of other issues
If I'm yelling at you
It's my anger issues

I wanna cause a scene and scream (aaah!)

At the top of my lungs
I wanna start a fight and be mean
To anyone who's got me like

That girl from high school
Who said I wasn't cool
My next door neighbor
Who's kind of a tool
All I wanna do is swim in his pool
Yeah, all I wanna do is swim in his pool

It's not that time of month
It's a permanent funk
I get really pissed off
When someone asks about my-

Anger issues
I got anger issues
I don't know what to do
With all my anger issues, yeah

Anger issues
On top of other issues
If I'm yelling at you
It's my anger issues
