

Dick Drunk

TRAMP STAMPS

You're not in not love
You're dick drunk
Every time you get fucked
You end up
Crying in my backseat
'Cause you didn't believe me

When I said his dick wasn't worth it
You said it was perfect
I said it was bullshit
You didn't deserve it
The way he couldn't talk it out
'Bout how he was feeling now
Probably 'cause he sleeps around
With every other girl in town

Oh-oh, I don't want to sound like a bitch
But I'm so sick of hearing how you bitch
And I'm just tryna tell you how it is
'Cause he's just not that into it
He's just that into it (Into it)
He's just not that into it

You're not in not love
You're dick drunk
Every time you get fucked
You end up
Crying in my backseat
'Cause you didn't believe me
You're not in love
You're dick drunk
Every time you get fucked
You end up
Hungover and lonely
'Cause you didn't believe me

It's not your fault like I haven't done it too, yeah
He's like every other dude and
Hits you up 'cause he wants one thing
But you think it means something

Oh-oh, I don't want to sound like a bitch
But I'm so sick of hearing how you bitch
And I'm just tryna tell you how it is
'Cause he's just not that into it
You're really kind of dumb sometimes (He's just not that into it)
I'm sorry that you're dumb sometimes
But he's not fucking worth your time, worth your time

You're not in not love
You're dick drunk
Every time you get fucked
You end up
Crying in my backseat
'Cause you didn't believe me
You're not in not love
You're dick drunk

Every time you get fucked
You end up
Hungover and lonely
'Cause you didn't believe me

How good can a dick really look?
To get you so damn hooked
To get you so damn hooked, yeah
How good can a dick really look?
To get you so damn hooked
To get you so damn hooked, yeah

You're not in not love
You're dick drunk
Every time you get fucked
You end up
Crying in my backseat
'Cause you didn't believe me
You're not in not love
You're dick drunk
Every time you get fucked
You end up
Hungover and lonely
'Cause you didn't believe me
