

Torn & In Ashes

Trampled by Turtles

Torn and in ashes, all in one book
What I'd have learned, if I had a look
Confused by the lashes burning time took
Leaving you now with only what's good

When will the last word be as the first?
Is it a circle, or just reverse?
You turn down your eyes whenever asked why
The same fucking answer every time

Torn and in ashes, all in one book
What I'd have learned, if I had a look
Confused by the lashes burning time took
Leaving you now with only what's good
