I Had a Memory

Trans-Siberian Orchestra

Time, could you please help I had a memory I somehow lost in the past

Christmas but glittering and I've been wondering Do you hear the echoes it cast

Hallelujah Hallelujah Hallelujah, Lord

Time it would not divide What th heart keeps inside Words that don't try to Deceive

And on this christmas night Better by candlelight to trust like a young child believes

Hallelujah Hallelujah Hallelujah, Lord Believe

Time it would not divide What th heart keeps inside Words that don't try to deceive

Removed sorrow Dreams to follow Appears on this day

Believe Believe Oh Lord

Time, could you please help I had a memory I somehow lost in the past
