Transviolet

My girls never a pull a punch
Respectfully
We'll fuck you up
Go hard like designer drugs
If it's so bad
Why is it so fun?

All the boys think they're in love
Black MasterCards
Hey, thanks so much!
Fuck a halo, out for blood
We're out for blood

Devils
Respectfully, we'll fuck you up
Devils
Fuck a halo, out for blood

Underneath the starlight
Baby, I could kiss you all night
You bring out my good side
And that's that shit I don't like

Crash your car in the pool
Swimming Maserati
Take a hit, take no shit
Like my name was Gotti
Crash your car in the pool
Swimming Maserati
Take a hit, take no shit
Like my name was Gotti

Respectfully, we'll fuck you up
