Hot AF

Transviolet

Glasses are never half empty
I keep on counting my blessings
Always beginning, no endings
Obstacles keeping me flexy
I evolve, keepin' em guessing
Butterfly sugar, I'm sexy
She lives her life with intention
I'm a rich bitch manifest it

I'm so powerful
Move like dun na na
I get what I want
Watch me uh
Watch me level up
Pop like seven up
Check my temperature
Hot as fuck

Getting rich, flexing on frenemies
Only good vibes, guard my energy
Rolling stoned always get what I need
I'm rich bitch, pussy pricy
Everything's interconnected
I am divine intervention
Reality is her reflection
Damn, I look good with success on

Girl so powerful
Move like dun na na
She got what I want
Got me uh
Got me standing up
Pop like seven up
Check my temperature
Hot as fuck

I get what I want
Watch me uh
Watch me level up
Pop like seven up

Hot as fuck

All I need
Everything as it should be
No, I wouldn't change a thing
I sit back, enjoy the dream
Keep on dreaming

I'm so powerful
Move like dun na na
I get what I want
Watch me uh
Watch me level up
Pop like seven up

Check my temperature
Hot as fuck
