

Jezebel

Transviolet

You're a bitch
To be trained
Needing someone to obey
You're a sinful wretched thing
Always making him stumble

So you'll beg
At his feet
And you'll live there on your knees
Cater to his every need
So submissive and humble

Well it sure sounds like Stockholm syndrome love
Blink twice if you need help
I'm so sorry you've been taught to think so lowly of yourself
And if that's what makes you holy
Then I'd rather be a Jezebel

Call me Jezebel
Call me call me Jezebel
Call me Jezebel
Call me call me Jezebel

Maybe it's a cry help
Maybe you can't live with yourself
So you blame it on someone else
And call me Jezebel

Maybe it turns you on
Domination's kinda hot
Do you like it when
We're watching you role play?

Or is it fear on your face?
Say he puts you in your place
And hey maybe that's your thing
I don't kink shame

But it sure sounds like Stockholm syndrome love
Blink twice if you need help
I'm so sorry you've been taught to think so lowly of yourself
And if that's what makes you holy
Then I'd rather be a Jezebel

Call me Jezebel
Call me call me Jezebel
Call me Jezebel
Call me call me Jezebel

Maybe it's a cry help
Maybe you can't live with yourself
So you blame it on someone else
And call me Jezebel

Be gentle meek and quiet
Do whatever is required
To submit and satisfy him

Keep him happy, you look tired
Fix your face and be inspired
He's your master don't defy him
He's the head and you're beneath him
Know your role and always please him
You need prayer, you need Jesus
You're a whore, a witch, a demon!

Be gentle meek and quiet
Do whatever is required
To submit and satisfy him
Keep him happy, you look tired
Fix your face and be inspired
He's your master don't defy him
He's the head and you're beneath him
Know your role and always please him
You need prayer, you need Jesus
You're a whore, a witch, a demon!

Call me Jezebel
Jezebel
Jezebel
Jezebel

Call me Jezebel

Maybe it's a cry help
Maybe you can't live with yourself
So you blame it on someone else
And call me Jezebel

Call me Jezebel
Call me call me Jezebel
Call me Jezebel
Call me call me Jezebel
