

Pretty Boy

Transviolet

Summer skin and blue jeans
American wet dream
Lately all I dream about is you

Say my name and time stops
Do you wanna get lost
Do something we're not supposed to?

Dancing in the dark
Drawing little hearts
On your dirty car

Hanging in the park
Laying in your arms
You're all that I want

Pretty boy
Come with me
I wanna hold you
Wanna kiss you too
Pretty boy
I need you
Like all the time
Like forever and I
Think I've been missing you without even knowing you at all
And I've been hurting for the feeling of being in your arms
Pretty boy
Pretty boy

Sunset over ocean park
I can see a couple stars
But none of them shine brighter than you

Laughing while we're sneaking off
Pin me against the counter top
Kiss me like I want you to

Dancing in the dark
Under empty walls
We don't got a lot

Playing your guitar
Play with nothing on
Think I stole your heart

Pretty boy
Come with me
I wanna hold you
Wanna kiss you too
Pretty boy
I need you
Like all the time
Like forever and I
Think I've been missing you without even knowing you at all
And I've been hurting for the feeling of being in your arms
Pretty boy
Pretty boy

I never knew I'd fall in love
I never
I never knew
I never knew
I never knew I'd fall in love
I never
I never knew
I never knew

Pretty boy
Come with me
I wanna hold you
Wanna kiss you too
Pretty boy
I need you
Like all the time
Like forever and I
Think I've been missing you without even knowing you at all
And I've been hurting for the feeling of being in your arms

Pretty boy
Pretty boy

Pretty boy
