

## Seethe

Transviolet

I seethe  
Lying, I clench my teeth  
I scheme  
Collecting my receipts  
Don't want me as an enemy  
(Don't want me as an enemy)  
I'll burn your fucking house down  
(Burn your fucking house down)  
Don't want me as an enemy  
(Don't want me as an enemy)  
You're dead to me now  
You're dead to me now

I seethe  
Lying, I clench my teeth  
I scheme  
Collecting my receipts  
Don't want me as an enemy  
(Don't want me as an enemy)  
I'll burn your fucking house down  
(Burn your fucking house down)  
Don't want me as an enemy  
(Don't want me as an enemy)  
You're dead to me now  
You're dead to me now

Where did it all go wrong?  
I never meant to hurt you  
Maybe took it too far  
Blood on your zip-tied new shoes  
It's just a simple vision  
It's just a little dream of mine  
Use my imagination  
Maybe bury you alive

I seethe  
Lying, I clench my teeth  
I scheme  
Collecting my receipts  
Don't want me as an enemy  
(Don't want me as an enemy)  
I'll burn your fucking house down  
(Burn your fucking house down)  
Don't want me as an enemy  
(Don't want me as an enemy)  
You're dead to me now  
You're dead to me now

I seethe  
Lying, I clench my teeth  
I scheme  
Collecting my receipts  
Don't want me as an enemy  
(Don't want me as an enemy)  
I'll burn your fucking house down  
(Burn your fucking house down)  
Don't want me as an enemy

(Don't want me as an enemy)  
You're dead to me now  
You're dead to me now
