Tendencies

Transviolet

I guess
We're doing this again
You said
I messed this up and I know that you meant it
Don't say anymore
I've heard it before
It's best
That this is where we end it

I'm not so sad about it
I've learned to live without it
Hard to break this habit of giving up too quick
At least now I know

I'm running in circles
Maybe I'm insane
Keep doing the same things
Thinking I'll change
I'm lazy in love
I don't do enough
I wanted to give you the best of me
But I got these tendencies

I guess (I guess)
I should've seen the signs (seen the)
And I bet (I bet)
I'd fix this shit if I learned how to listen
But nobody says when they'll leave you
They just do
In my defense (in my defense)
I thought that you'd be different

I'm not so sad about it
I've learned to live without it
Hard to break this habit of giving up too quick
At least now I know

I'm running in circles
Maybe I'm insane
Keep doing the same things
Thinking I'll change
I'm lazy in love
I don't do enough
I wanted to give you the best of me
But I got these tendencies

(I got these tendencies)
(I got these tendencies)
(I got these tendencies)
