

# Tropics

Transviolet

That girl got her grind  
Counts her dollars like  
One, two, three, four, five  
Hey there babyface  
Wanna go someplace  
Anywhere you like

All she wanna do is get high and make money  
Live the good life, vacay in the tropics  
Pockets so fat 'cause she know how to hustle  
Girl so stacked make a straight girl wonder  
All she wanna do is smoke weed and get famous  
Take a day trip, wake up in Paris  
Take a plane, sip champagne in Champagne  
Take your girlfriend show her a few things

Get down, get down, girl go get down  
Get down, get down, girl go get down  
Get down, get down, girl go get down

Late nights in Berlin  
Sex like heroin  
Almost feels like love

All she wanna do is get high and make money  
Live the good life, vacay in the tropics  
Pockets so fat 'cause she know how to hustle  
Girl so stacked make a straight girl wonder  
All she wanna do is smoke weed and get famous  
Take a day trip, wake up in Paris  
Take a plane, sip champagne in Champagne  
Take your girlfriend show her a few things

Get down, get down, girl go get down  
Get down, get down, girl go get down  
Get down, get down, girl go get down  
Girl go get down

She got a whole lot of money so she can't be modest  
Make the earth shake just like Meg The Stallion  
You are hustler baby just like me  
No one else compares 'cuz you're damn times three  
Just like TIP I'm a rubber band man  
I treat you good, nothing like the last one  
My mama love you and she want grand kinds  
Probably in a few years, but we can practice

All she wanna do is get high and make money  
Live the good life, vacay in the tropics  
Pockets so fat 'cause she know how to hustle  
Girl so stacked make a straight girl wonder

Get down, get down, girl go get down  
Get down, get down, girl go get down  
Get down, get down, girl go get down

All she wanna do is get high and make money

Live the good life, vacay in the tropics  
Pockets so fat 'cause she know how to hustle  
Girl so stacked make a straight girl wonder
