Transviolet

I always find the most creative ways to destroy myself
Yeah, I can turn me down better than anybody else
I don't need your help
I don't need your help
You've been pouring gasoline in your living room
Light a cigarette while you complain about the fumes
Who are you to talk?
Who are you to talk?
Who are you to talk?

You're so shook when I catch on fire
So surprised when I have an answer
Guess no one told you, now I told you
We're not living in the woods
Ain't it weird when I'm thinking stuff?

Oh, come on, just say something
Now go ahead, tell me, what do I need?
I'm not the kind of girl you undo
I'm not the kind of girl you undo
Oh, come on, oh come, on
I've been undone a lot before you

You can tie your favourite noose around my neck
Cut me down one night and ruin out like I'm a wreck
I don't need your help
I don't need your help
I don't need your help

You're so shook when I look right past you
So surprised you don't get an answer
Guess no one told you, now I told you
We're not living in the woods
Ain't it weird to feel small and stuff?

Oh, come on, just say something
Now go ahead, tell me, what do I need?
I'm not the kind of girl you undo
I'm not the kind of girl you undo
Oh, come on, oh come, on
I've been undone a lot before you

You've been holding all I have over open flames
Stepping into hades while you're calling out my name
I won't follow you

Oh, come on, make this easy
Oh, come on, just say something

Oh, come on, just say something
Now go ahead, tell me, what do I need?
I'm not the kind of girl you undo
I'm not the kind of girl you undo
Oh, come on, oh come, on
I've been undone long before you
I've been undone long before you
