

HATERS

Trap Beckham

Fuck I'm do with a hater?
I can't be cool with a hater
Don't see how u move with them haters
I ain't tryna lose with you haters
I can't keep it smooth with you haters
Lil bitch I'm from Florida I be with the gators
My rider is major I gotta be catered
They showin' me love from La to Decatur
Play with that paper I pop ya potato
Free all the homies who locked in the cage
I Told him to get off the block with that yayo
The life that they livin' is not what they say so
Follow ya dream, start u a business and build u team
See you at crib and I'm wit the kings
Me and you doing two different things, u know what I mean

Show me the money yeah show me the cash
Way back in class was showin' my ass
My grades was bad, thinkin' damn ain't no way I'ma pass
I jumped off the porch ain't no way I'ma last
How I'ma get to riches from rags?
I'm up all night tryin' to get in my bag
Shout out my manager he get a play and just
Throw me the alley oop right off the glass
I make the beat then I hop on and spaz
I'm doin' the dash my foot on the gas
Don't listen to too many niggas they trash
You think I'm a hater I guess I'll be that
Fuck an opinion I'm tellin' u facts
Half of y'all don't need be on no wax
You had a job and you need to back
Take a Jamaica vacation relax
Open the box play with the pack
Stay with the weed stay with the wax
I'm trying to buy me a May with bach
Lazy-boy seats I can lay in back
Bumpin' my shit got your bae in the back
A 80's baby how she shakin' that crack
I know you think I ain't paying attention I heard what u said ain't no takin
g it back

Fuck I'm do with a hater?
I can't be cool with a hater
Don't see how u move with them haters
I ain't tryna lose with you haters
I can't keep it smooth with you haters
Lil bitch I'm from Florida I be with the gators
My rider is major I gotta be catered
They showin' me love from La to Decatur
Play with that paper I pop ya potato
Free all the homies who locked in the cage
I Told him to get off the block with that yayo
The life that they livin' is not what they say so
Follow ya dream, start u a business and build u team
See you at crib and I'm wit the kings
Me and you doing two different things, u know what I mean
