

# HELLUVA TIME

Trap Beckham

You know you fine  
Come fuck with ya boy you'll have hella time  
We not causin' trouble havin' fun ain't a crime  
Pour you up another one relax and unwind  
Big booty bitch I got dat ass on my mind  
Last night I had a dream I hit dat ass from behind  
She was workin' with that water had that Alkaline  
Yeah she was spittin' on the mic and she ain't rhyme on time  
That's when I woke up in the morning and hit your line  
I know we cool but my intentions is to bend yo spine  
Because u bad and u fine combined I'm tryna to wine  
And dine a dime and find a peace of mind

I know what do with that thang'  
A couple days without me now she havin' mood swings  
She wanna do things I told her run it like I'm Usain  
I'm from the backwoods u know I gotta keep a new flame  
The way that she drop the top got me swervin' in a new lane  
I love fact that shawty keep it movin' she know the game  
And she ain't never tripping flipping out when the hoes hang  
When we out with da whole gang, she really inviting em over  
Dey twerkin' and bending it over  
I gave a tap on the shoulder and told her

You know you fine  
Come fuck with ya boy you'll have hella time  
We not causin' trouble havin' fun ain't a crime  
Pour you up another one relax and unwind
