

Run It Back

Trap Beckham

You been on my mind all day
I really wish it wasn't this way
You used to be my bae
And now I wanna run it back
I wanna run it back
I wanna run it back
I wanna run it back
I wanna run it back

You been on my mind all day
[?] this way
You used to be my bae
I miss your body on my body
I try to leave, but bae you got me
I be the bigger person, bae I'm sorry
Please pick up the phone, text or call me
I miss your body on my body
I try to leave, but bae you got me
I be the bigger person, bae I'm sorry
Please pick up the phone, text or call me
Cause

You been on my mind all day
I really wish it wasn't this way
You used to be my bae
And now I wanna run it back
I wanna run it back
I wanna run it back
I wanna run it back
I wanna run it back

Kiss on you [?] tattoo
[?] catch you
Imma hit you when you ready, yeah
I'm right here, what you waiting for?

Back back back

You been on my mind all day
Last time, you knew what to do with it

Head like Madoosa

Up in the air, Comasutra
Yeah yeah

You been on my mind all day
I really wish it wasn't this way
You used to be my bae
And now I wanna run it back
I wanna run it back
I wanna run it back
I wanna run it back
I wanna run it back
