

## SIDE 2 SIDE

Trap Beckham

Hop in the pussy go dumb  
I put it right on my tongue  
Delicious I'm talkin' bout yum  
I'm beatin' it up  
Beatin' it up like a drum  
She backin' up on my thumb  
She smackin' it up wit no gums  
We goin' body on body  
I got u doin' palates  
Remember the day I met you in the party  
I already knew you was naughty  
I'm feeling you, you feeling me, what are we doin' about it?  
You want me to stay I don't wanna leave, what are we doing about it?  
U got me too exited, I don't think I ever I could fight it  
And you know you always invited, 'cause I know that you wanna ride it  
I take you to class no college  
She shakin' that ass no follies  
Don't bring up the past she solid  
She just like my car low mileage

And Shawty a vibe  
I'm deep inside, like Shannon sharpe we goin' live  
Lil bitty waste, beautiful face, booty and thighs  
I don't give a damn if I'm with the fam if I'm with the guys  
If you hit my line I'm on the way I'm bout to slide  
And you betta have that shit on when I arrive  
'Cause we bout to get that shit on all night  
She bending it bussin' it baby I think that I'm plies  
I hit from the front the back the side to side

Side to side  
She bussin' it wide  
I'm already tired  
A freak in house  
A boss outside  
Like a plane in the sky  
She matching my fly  
And dat pussy fie, why would I tell you a lie  
You got me coming right bae why would I tell u goodbye  
I'm bout to give you the business I'm rockin' a suit and a tie  
You tie up your hair and go crazy remember you used to be shy  
Keep doin' that dance for me  
Shake it no hands for me  
Show me that trick up ya sleeve  
Disappear right on the d  
Got that body I can't believe  
You the baddest why can't u see  
'Member when I was pushing p  
Now the pussy is pushing me
