

WORK IT OUT

Trap Beckham

Fuck that we can work it out
Hell nah you ain't leavin' out the house
You get mad then you cuss a nigga out
I need some head since you got a lot of mouth
Fuck that we can work it out
Pussy wet like a water spout
I ain't tryna argue with my spouse
I ain't trippin' baby we can work it out

Work it out on the couch
Quit the huffing and the puffin' don't pout
I don't know what your lil attitude about
Instead of yellin' bae let's take another route
I'ma be quiet as a mouse
I'ma let u get ya sentence out
Tell me everything you care about
And when you finished I'ma air it out
Beat it up beat it up beat it up
It's hard to mad when you wanna fuck
Any time ya girl get fed up
All you gotta do is put them legs up
Talkin' bout tear the whole bed up
Talkin' bout fuck her whole head up
And I'm just giving u a heads up
Last time she got mad I just said uhh

Fuck that we can work it out
Hell nah you ain't leavin' out the house
You get mad then you cuss a nigga out
I need some head since you got a lot of mouth
Fuck that we can work it out
Pussy wet like a water spout
I ain't tryna argue with my spouse
I ain't trippin' baby we can work it out
