

Victimized

Trapped Under Ice

The American dream is a lie
That's why I say I was born to die
I can't be forced into your perfect world
I can't coincide
Quit pointing fingers
Uncle Sam wants you pulling triggers
At your fellow man for an unknown cause
But I don't think I can
You've been fed lies
We've been robbed blind
Put the past behind, it's time to unite
It's we who've been victimized
Can't beat their system
Some have tried, now they rot in their prisons
You can't stop the cops
Some have tried and got shot
Now our brothers are dead and hate is all we've got
Quit blaming races
It's so easy to see that our enemy is faceless
And they f**king hate us all
I hate them too, but what can I do?
You've been fed lies
We've been robbed blind
Put the past behind, it's time to unite
It's we who've been victimized
You've been fed lies
We've been robbed blind
Put the past behind, it's time to unite
It's we who've been victimized
Victims of society and American dreams
Victims of a system breaking at its seams
Do you know what this means?
We can't stop it if we try
But find solace in your brother
He too has been victimized
Victimized
You want to see the evidence?
Look to the streets
You want to see a solution?
Unity
Beat them at their own game
Redirect the hate
Redirect the hate
Redirect the hate
You've been fed lies
We've been robbed blind
Put the past behind, it's time to unite
It's we who've been victimized
Yeah, victimized
Victimized
It's we who've been victimized
