

Far Enough Away

Trapt

I want to be held
But only from a distance
How do you hold on to me
I want to let go
I don't want to have to hold your hand anymore

What do I know
Are we both on our own

I see you everywhere
I can't get far enough away from you
I can't get far enough away from you
The secrets we have shared
I can't get far enough away from you
I can't get far enough away from you

I wanted it all
But I didn't want to give you all of me
So why do I want all of you
I want to come close
But I can't let myself believe
That you feel it too

What do I know
Are we both on our own

I see you everywhere
I can't get far enough away from you
I can't get far enough away from you
The secrets we have shared
I can't get far enough away from you
I can't get far enough away from you

No matter how far I go
I can't get away
No matter how far I go
There's too much to say

I see you everywhere
I can't get far enough away from you
I can't get far enough away from you
The secrets we have shared
I can't get far enough away from you
I can't get far enough away from you

I see you
I can't get far enough away from you
I can't get far enough away from you
The secrets we have shared
I can't get far enough away from you
I can't get far enough away from you

Yeah
