

# Ignorance Is Bliss

Trapt

We're losing our minds  
We don't seem to mind it  
We're closing our eyes  
Willfully blind  
I guess I guess I guess  
I guess ignorance is bliss  
I guess I guess I guess  
I guess ignorance is bliss

It'll be alright  
It'll be okay  
It'll be just fine  
If we just look the other way  
Cause this is not our fight  
And these are not our crimes  
And there is always somebody else to come  
And make things right again

We're losing our minds  
We don't seem to mind it  
We're closing our eyes  
Willfully blind  
I guess I guess I guess  
I guess ignorance is bliss  
I guess I guess I guess  
I guess ignorance is bliss  
What you don't know won't hurt you  
Ignorance is bliss  
Ignorance is bliss  
Ignorance is...

We don't want to know  
We don't need that shame  
We don't want to go  
Through everybody else's pain  
We don't get involved  
With what cannot be solved  
For all the time that we spend  
We know we won't get back again

We're losing our minds  
We don't seem to mind it  
We're closing our eyes  
Willfully blind  
I guess I guess I guess  
I guess ignorance is bliss  
I guess I guess I guess  
I guess ignorance is bliss  
What you don't know won't hurt you  
Ignorance is bliss  
Ignorance is bliss  
Ignorance is...
