

Caught in your current, feeling your heat  
My body's on fire now, reaching a peak  
A burning desire, a beautiful dream  
I'm pulling you closer to me

You're live wire  
And you light me up  
Electric touch  
I can't get enough  
You're live wire  
And you set me off  
I just can't stop playing with fire  
It's so hot

You're warning signs say danger  
High voltage  
I'm gonna let this lightning strike me  
A spark full of fire  
Live wire

There's no resistance. I let you in  
Your fingers are sliding down over my skin  
Taking me somewhere I've never been  
Igniting a passion within

You're live wire  
And you light me up  
Electric touch  
I can't get enough  
You're live wire  
And you set me off  
I just can't stop playing with fire  
It's so hot

You're warning signs say danger  
High voltage  
I'm gonna let this lightning strike me  
A spark full of fire  
Live wire

Even though you're hotter than love  
I can't keep my hands off of you  
I know you can't be tamed or controlled  
Give it all to me

You're live wire  
And you light me up  
Electric touch  
I can't get enough  
You're live wire  
And you set me off  
I just can't stop playing with fire  
It's so hot

You're warning signs say danger  
High voltage  
I'm gonna let this lightning strike me

A spark full of fire  
Live wire
