Make It Out Alive

Trapt

I may be down
But don't you ever count me out
In times of crisis
What can I do but stand my ground

I'm going to make it
Going to make it
Going to make it out alive
I'm going to make it
Going to make it
Going to make it out alive
Make it out alive
Make it out alive
Make it out alive

I dressed my wounds
Some injuries you just push through
The sole survivor
There's too much life in me to lose

I'm going to make it
Going to make it
Going to make it out alive
I'm going to make it
Going to make it
Going to make it out alive
Make it out alive
Make it out alive
Make it out alive

Alive
I won't give up
Alive
I won't back down
Alive
Yeah I won't run
Alive
I'll stand my ground
Alive

I'm going to make it
Going to make it
Going to make it out alive
I'm going to make it
Going to make it
Going to make it out alive
Make it out alive
Make it out alive
Make it out alive
Yeah I will survive
Make it out alive
