

Think Of You

Trapt

Solitary

I was fine confined I ain't lonely
It was only me
And nobody ever got to deep
Until your company chased away my misery
Now it's me holding you safe and sound no anxiety

When I think of you
I don't think about myself
When I think of you
I don't think about myself
There's no one else
When I think of you

I had no mercy
For who I was abandoning
It was too easy
Being unaccompanied
But you came between me and my all my self dealing
Setting you at ease is my responsibility

When I think of you
I don't think about myself
When I think of you
I don't think about myself
There's no one else
When I think of you
I can't help it I'm so selfless
It's out of my control
I just want you to know
When I think of you
I don't think about myself
There's no one else
When I think of you

Now I'm yours truly
Now I'm yours truly
Now I'm yours
Now I'm yours

When I think of you
I don't think about myself
When I think of you
I don't think about myself
There's no one else
When I think of you
I can't help it I'm so selfless
It's out of my control
I just want you to know
When I think of you
I don't think about myself
There's no one else
When I think of you
