## Trash Boat

Take me back to the place I remember  
The place we used to go when we were kids  
I'm sick I'm sick I'm sixteen, I give I give in too easily

Had a sword hanging over my head  
Dangling by the thread  
Times I thought I was better off dead

And I'm falling short of who I need to be  
And I know I'll be fine  
I just don't wanna get left behind cos I'm

Dead in the water and all I can see is this  
Fucking disease and it's eating at me, I'm just trying to sleep

I've felt, physically weak  
The best part of 3 years now  
And I've been running circles in my mind  
Round and round trying to find  
A sense of stability  
So I don't fall in too deep

I don't think I can sit this one out  
There's just too much left in me  
Too much inside to sweat out  
I'm just another patient  
And I'm losing my patience  
Do you understand the gravity of what you just said to me

Cos I'm  
Dead in the water and all I can see is this  
Fucking disease and it's eating at me, I'm just trying to sleep

I've felt, physically weak  
The best part of 3 years now  
And I've been running circles in my mind round and round trying to find  
A sense of stability so I don't fall in too deep  
Take me, back to the place I remember  
The place that we used to go  
I'm sick I'm sick I'm sixteen  
I give I give in too easily

Struggling all of the years that I fought it for  
So long I thought I was dead in the water  
Struggling all of the years that I fought it for  
So long I thought I was dead in the water

I'm sick I'm sick I'm sixteen  
I give I give in too easily
