

# Cannibal

## Trash Boat

Got the things I deserve and I didn't even try  
I can see what I'm worth only through another's eyes, yeah  
You think I'm a tragedy  
And you, you can feel bad for me  
Boy don't waste your energy

You can live like a king  
You can have it all, have it all  
You can win if you think  
Like a cannibal, cannibal

Like a cannibal, cannibal  
You can have it all, have it all  
You can win if you think  
Like a cannibal, cannibal

Live like a king, die like an animal  
Life is so irrational  
Change everything, make it mechanical  
Make it understandable

You can live like a king  
You can have it all, have it all  
You can win if you think  
Like a cannibal, cannibal

Like a cannibal, cannibal  
You can have it all, have it all  
(Live like a king, die like an animal)  
Like a cannibal, cannibal

Like a cannibal, cannibal  
(One bite and there's no going back)  
(Live like a king, die like an animal)  
You can eat if you think like

You can live like a king  
You can live if you think  
(Like a cannibal, cannibal)

Like a cannibal, cannibal  
You can have it all, have it all  
You can win if you think  
Like a cannibal, cannibal

Live like a king, die like an animal
