

# Love Without Needing

Trash Boat

I wanna know what makes me  
Nature, nurture, all the things I've seen  
I am history  
Brand new parts to an old machine

I wanna play without cheating  
I wanna love without needing  
But I just sit in my feelings  
Searching for meaning

I wanna love without needing

I love my pain  
It makes life so easy to explain  
Now you can't blame me  
For all the things I don't achieve

Getting told I'm a wild one  
Getting old but I live young  
I put my life in a handgun  
Fuck a reason, I don't need one

I wanna love without needing  
I wanna, I wanna, I wanna, I wanna know  
I wanna love without needing

I wanna go where the wind takes me  
Family telling me I could be anything  
I can just be me  
But I'm just not that interesting

I wanna play without cheating  
I wanna love without needing  
But I just sit in my feelings  
Searching for meaning

I wanna love without needing  
I wanna, I wanna, I wanna, I wanna know  
I wanna love without needing

I wanna understand the life I'm living  
What it is and what it isn't  
What to do with what I'm given  
What I could have done and didn't

I don't trust a soul that tells me they have no regrets  
It's a lie and why deny the chance to learn from it?

I wanna love without needing  
I wanna, I wanna, I wanna, I wanna know  
I wanna love without needing
