

# Silence Is Golden

## Trash Boat

War with an enemy we can't reach  
So we turn our rage to the man on the street  
No profit in unity  
Our silence no longer speaks

Face it  
You know you're never gonna change it  
From subliminal to blatant  
Keeping you complacent or terrified

Fake it  
I'd do anything to make it  
All alone upon my throne it's so close I can taste it

Push in and split the skin  
Give in to sin

Obey  
You should know by now  
You can't hold me down  
Better watch your mouth  
Or I'll knock you out

Obey  
You should know by now  
We stand our ground  
Better watch your mouth  
One slip and they'll snuff you out

You're the first and last word  
Who's first and who's third?  
You took all their worth and the worst is unheard of  
The puppets narrate the word of the day  
They're talking in circles, I need to think straight  
So I followed the water up stream  
And now I can't hear myself think  
The river moans the oceans woes, it never sleeps

Obey  
You should know by now  
You can't hold me down  
Better watch your mouth  
Or I'll knock you out

Obey  
You should know by now  
We stand our ground  
Better watch your mouth  
One slip and they'll snuff you out

War with an enemy we can't reach  
So we turn our rage to the man on the street  
We wait for compassion to overcome self interest  
Far too patiently  
We're still slaves to a media driven binary  
Because those that know know there's no profit in unity  
Our silence no longer speaks

Silence  
Is golden  
To those  
Who control it

Obey  
You should know by now  
You can't hold me down  
Better watch your mouth  
Or I'll knock you out

Obey  
You should know by now  
We stand our ground  
Better watch your mouth  
One slip and they'll snuff you out
