

Synthetic Sympathy

Trash Boat

Synthesise all your sympathy
You don't know
You don't owe me

So tired of this game
You don't know what you mean
You don't mean what you say
Deal with the devils I know
Wait for the ones that I don't
A never ending show
I always seem to be flat, it's my only note

Break me out, break me out
I've been feeling down, feeling down
Somebody prove to me we don't have to do this alone

Synthesise all your sympathy
You don't know
You don't owe me
So tired of this game
Misery left it's mark today
Sundering my submissive clay
Synthetic sympathy
You don't know, you don't know

Break me out, break me out
I've been feeling down, feeling down
Somebody prove to me we don't have to do this alone
Pull me out, pull me out
I've been sinking down, I've been sinking
Somebody prove to me we don't have to do this alone

Now I'm vitreous from the flames
See through me
Watch me break

Break me out, break me out
I've been feeling down, feeling down
Somebody prove to me we don't have to do this alone
Pull me out, pull me out
I've been sinking down, I've been sinking

Somebody help me please
I don't want to die alone
