

## Burn Alive

### Trash Talk

When I grow up I wanna combust  
And everywhere I go goes off in a flick of fiery lust.  
My brain is boiling my skin is burning my blood is alcohol.  
I can't control it, I can't control it all

I'm on the brink of an apocalypse  
And not a soul on the globe can do a thing to stop this.  
No, not this time.  
Tonight we're gonna find how the good die young and the great survive

When I grow up I wanna be sedated.  
Looking for liquor and love, forever hated.  
Plant the seed and the fury spreads like legs,  
Without a light at the end of the tunnel  
Unless they set the whole mountain ablaze.

I'm on the brink of an apocalypse  
And not a soul on the globe can do a thing to stop this.  
No, not this time.  
Tonight we're gonna find how the good die young and the great survive

A blind man told me it's better to burn out than to fade away.  
I said "You're missing the point... Yeah the good die young,  
But the great survive to burn alive."  
The good die young, so burn alive.
