Trash Talk

Thought I'd be an effigy
All they saw were splintering bones
Now there's nothing left of me
It's been that way for far too long
Wanted to go out with a bang
'Til they came and put me away
Now I'm bouncing off the walls
It's been that way for far too long

I just wanted the sky
So I put all my pies in a high rise
Apartment in the sky
I just wanted the sky so I climbed up to make an impact
And all I achieved... Now they're cleaning the street

Thought I'd leave an imprint on more than cement
To all the people hurrying home
They didn't notice a thing
It's been that way for far too long
Thought I'd leave a legacy after me
Jumping to a different drum
Now they push my memory away
It's been that way for far too long

I just wanted the sky
So I put all my pies in a high rise
Apartment in the sky
I just wanted the sky so I climbed up to make an impact
And all I achieved... Now they're cleaning the street

I just wanted the sky
