

I Am Rogue

Trash Talk

Don't you dare say a prayer for me
I'm a lost cause, can't you see
I'm too fucked up
Too far gone
With only one thing on my mind
This world never gave me a fucking thing
Cold streets and dead ends are all I've seen
Don't you dare say a payer for me
I'm a lost cause can't you see
I'm too fucked up
Too far gone
With only one thing on my mind
This world never gave me a fucking thing
Cold streets and dead ends are all I've seen
Revenge
I need to destroy everything?
I'm starting with you and moving on to me.
