

My Rules

Trash Talk

Crucify me, come and get me, build me up,
break me down
Crucifix me
Locked doors aint nothing, no more
Cold floors are all I need
Take heed, I'm not afraid of he who bleeds the same as me

In this world there are those who learn to hate
And the rest are fools
Call me a fool
I've learned to hate
Within my rules
My rules

Drag me through hell and back, deny my human rights
This earthly pain don't mean a thing
Locked doors aint nothing no more
Cold floors are all I need
Take heed, I'm not afraid of he who bleeds the same as me

In this world there are those who learn to hate
And the rest are fools
Call me a fool
I've learned to hate
Within my rules
