

## Gun to Your Head

Trauma

We're taking the food off the table  
We're breaking the will of the poor  
Taking your life cause We're able  
We're Billionaires and We want more

We want your Money  
Your Oil and Gold  
We are the Chosen  
You have been bought and sold

Chorus: So hard living when there ain't no giving, got a gun to  
your head  
So hard trying watching your dreams dying, got a gun to your he  
ad  
Too many dying leaving loved ones crying, got a gun to your hea  
d  
Everyday they take a little more away, got a gun to your head

We're building more Churches and Prisons  
The right place to put everyone  
United, divided, the black and the white  
The Vigilant work never done

We want your Money  
Your children and Gold  
We are the Chosen and  
You have been bought and sold

Chorus

Chorus

Justice is building The Wall high  
We're shutting the streets lock the doors  
It's part of a plan that you don't understand  
Until you are fighting Our Wars
