

The Rage

Trauma

You said you were the best thing for me, yeah
Said you were the best thing for us (best thing for us)
Never mean a word that you say now
I'm not feeling E Pluribus (E Pluribus)

All you do is just right for you, yeah
Never ever can be too cruel (can be too cruel)
Everyone that you meet you figure
How you're going to make them your tool (make them your tool)

I want to tell you
To go to Hell you
You never were true
Now we disengage
Disengage
Do you believe you?
This time we are through
You crossed the line we drew
Now you feel the Rage
Feel the Rage

I feel the Rage
We are the Rage

Rage

I want to tell you
To go to Hell you
You never were true
Now we disengage
Disengage
Do you believe you?
This time we are through
You crossed the line we drew
Now you feel the Rage
Feel the Rage

I want to tell you
To go to Hell you
You never were true
Now we feel the Rage
Feel the Rage

We are the Rage
We are the Rage
