

Falling

Travis Cottrell

On the edge of something big and brave
Every breath is another step of faith
Part of me still likes the ground
Where I feel safe and sound
But you push me, pull me
And I finally let go

Falling, falling
To the heart of someone so much stronger
Falling into love

Ever closer, closer to the truth
One by one my fears fade into blue
Wherever You are taking me
Is where I need to be
And You have Your reasons
Who am I to say no

I am falling, falling
To the heart of someone so much stronger
Falling, falling into love, into love
I am falling, falling
To the one who's always there to catch me
Falling into love

I'm falling
I'm falling
I'm falling
I'm falling

I waver, You're steady
I falter, You never fail
You fight for me, and I surrender
To You, to You

I am falling, falling
To the heart of someone so much stronger
Falling, falling into love, into love
I am falling, falling
To the one who's always there to catch me
Falling into love

I'm falling
I'm falling
I'm falling
I'm falling
