

# Lord, We Come

Travis Cottrell

Lord we come into your games  
With thanksgiving and with prayers  
Into your presence Lord we come  
And our joy and our pain  
We return to you again  
Into your presence Lord we come

Lord we come to you  
Lord we come to you  
Lord we come to you  
Into your presence Lord we come  
Ooh...

Lord we come to you by faith  
All believing in your grace  
Looking to Jesus as our Lord  
(We look to you)  
We were lost without your truth  
And now we bring our hearts to you  
Into your presence Lord we come

Lord we come to you (Oh Holy Spirit come and dwell with us)  
Lord we come to you (Oh Holy Spirit bring your breath in us)  
Lord we come to you (Oh Holy Spirit have your way)  
Into your presence Lord we come  
Oh yeah

Lean down your power from the heavens  
Pour out your spirit in this place  
Reveal the glory of your presence  
As we ascribe to you our praise

Lord we come to you (Oh Holy Spirit come and dwell with us) (We come to you)  
Lord we come to you (Oh Holy Spirit bring your breath in us)  
Lord we come to you (Oh Holy Spirit have your way)  
Into your presence Lord we come

Lord we come to you (Oh Holy Spirit come and dwell with us) (We come to you)  
Lord we come to you (Oh Holy Spirit bring your breath in us)  
Lord we come to you (Oh Holy Spirit have your way)  
Into your presence Lord we come

Into your presence Lord we come  
Into your presence Lord we come

We come to you  
Into your presence Lord we come
