

# Refine Me

Travis Cottrell

Refine Me  
Your so patient with me  
Faithful and sure

To make me into something better  
You know prayers that I've prayed  
The tears that I've cried  
Lord you know my heart's desire  
Oh, to know You  
To be more like You

Do what You need to  
Help me to trust You  
Even if Your love brings me suff'ring  
Help me to hold on  
To know that You're strong  
Enough to see me through completely  
Refine me

Your joy will be my strength  
While I'm in these flames  
I'm becoming Your reflection  
Your kindness will be my song  
Though I'm not alone  
Your presence is my consolation  
Oh, to know you  
I'm longing for you

Do what you need to  
Help me to trust you  
Even if Your love brings me suff'ring  
Help me to hold on  
To know that You're strong  
Enough to see me through completely  
Refine me

Oh God! My God!  
Refine me  
Oh God! Merciful God!

All for Your glory  
All for my good  
To know Your love much deeper  
Than I thought I ever could  
Refine me, Oh!

Do what You need to  
Help me to trust You  
Even if Your love brings me suff'ring  
Help me to hold on  
To know that you're strong  
Enough to see me through completely  
Refine me

Oh God! My God! Please!  
Refine me  
Oh God! Merciful God!

Your so patient with me  
Faithful and sure  
To make me into something better
